PLACEMENT FOR TRAINEE HORTICULTURIST

Dear Sir / Madam

I'm Isjla Swanepoel, a third year horticulture student attending Cape Peninsula University of Technology (Bellville Campus). I'm in search for placement to complete my second in-serve training for a duration of six months. I'm available to commence employment immediately.

I'm a hard working student who is always willing to learn. My perfectionism drives me to reach the best of my abilities and I take pride in what I do.

My previous in-serve I did at Stodels Nursery and had the opportunity to experience the Retail side of the industry. I would like to have the opportunity to work in an environmental unit seeing that differs so greatly from what we are being taught at University. We only really learn when we start working.

I hope you consider my application

Yours sincerely

Isjla Swanepoel
